NEW YEAR SAVINGS AND UPDATED PRICING

Happy New Year! We hope 2025 is filled with health, happiness, and wonderful moments. At Dr. Smith's Program, we are committed to providing exceptional medical care with expertise and compassion.

As part of our dedication to maintaining the highest standards, we have reviewed our pricing structure. While some prices will see a modest adjustment starting 1/1/2025, we're excited to share that **several services, including non-injectable Tirzepatide, have decreased in price**. These changes allow us to continue offering innovative treatments while keeping care accessible.

To celebrate the new year and express our appreciation, we're delighted to offer **25% off all services & products throughout January**. It's a great time to take advantage of our expert care at even better rates!

For those seeking long-term savings, we recommend our **Medical Membership**. It's the most cost-effective way to enjoy consistent care while saving on treatments and services throughout the year.

If you'd like more information about the updated pricing, January savings, or Membership option, feel free to contact us at (770) 438-8446.

Thank you for allowing us to be a part of your healthcare journey. We look forward to continuing to serve you in 2025 and beyond!

In good health,
Dr. Smith's Program
